Server (per server cost)	\$150
Bartender (If desired) 4 hour service	\$225 *\$50 every additional hour

Our on site chef cooking price covers the cost for our executive chef to come to your home and cook your meal. It also covers the cost of any additional kitchen help the chef may bring to assist him in the kitchen.

The server cost covers the cost of a waiter/waitress service for the expedition of your food to the table, opening of wine, clearing of plates and serving of your next courses.

Our bartender service covers the cost of an onsite bartender to serve any mixed drinks, beer or wine. Alcohol and bar supplies are not provided by the bartender or restaurant.

The food will be based on a per person cost determined by our chef after you have decided upon a menu.

A deposit of \$200 is needed to secure the date. The remaining balance is due one week prior to the scheduled event date.
